

Bulky Waste Size Guidelines

The following lists are not definitive, as it is not possible to list all the items that customers may wish to dispose of, nor classify the sizes of items that come in a variety of sizes.

Please contact us to discuss the waste you have if you are uncertain of which service to use. If necessary a visit may be arranged before collection to determine if collection can be made and what the charge will be.

We cannot accept plasterboard for disposal through a bulky waste collection. Residents can take it to the following Household Waste Recycling Sites which will have dedicated containers: Burgess Hill, Westhampnett, and Crawley

Large & Small Items Definition
