Programming Officer, Mid Sussex District Plan Examination
c/o 260 Collingwood Road
Sutton
Surrey SM1 2NX

Dear Madam

Mid Sussex District Plan Examination

Thank you for your letter of 2 November 2016.

I note the amendment to the question 8.2 re environmental constraints making the housing requirements undeliverable.

Haywards Heath is essentially a commuter town. Railway capacity is already overstretched to the extent that it is adversely impacting quality of life and in my view further significant development in the District should be linked to provision of the necessary additional capacity. Unfortunately rail capacity is an aspect over which MSDC has little direct control.

Yours faithfully

W P Field (Representor 14791)

P.S. Attempted to E-mail 6 November but failed as "recipient invalid".
