Good morning Steve,

Thank you for reconsulting me on DM/23/2866. There is no update on my original comments sent on 15/12/23 and the site will need to obtain a licence to undertake works. The applicant made an enquiry with NatureSpace regarding the District Licence in March, however, have not made any payments to join the scheme. There are two licensing options available to them and therefore will need to submit either a NatureSpace report to show evidence of joining the District Licence, or a mitigation statement to evidence that they would be able to obtain a Nature England EPSL.

Kind regards,
Jennie
