Dear Sally,

Thanks so much for your email confirming that we will be having a Teams meeting.

It would be of great help to have a written response in advance of the meeting to our letter regarding Virginia Pullan's letter of 16 September 2020 so we can perhaps narrow the range of issues for discussion?

It would also be helpful to know who is attending so we can be sure to have available the relevant experts. For example have you employed a specialist crematorium need consultant as was suggested in the pre-application response? In addition, on a purely practical note, it will just help us to narrow the dates and times our team would be available to 'meet' your team.

Thanks again for your help and intervention on this matter.

Kind regards,

Lisa

Dear Sally

Further to my email and letter of yesterday please see the response from the case officer below.

I did reply to Andy and asked him to explain why we couldn't have a conversation. I have yet to have an email or phone response to this request.

I believe it would be more constructive to properly engage in dialogue, and this is in the spirit of NPPF 38 which encourages LPAs to work proactively with applicants.

Indeed so much more could be achieved with a video meeting. I am having video meetings with other planning authorities and they are a really positive way forward so that we can involve the relevant experts. It would be really helpful if we could include our respective landscape architects to assist in understanding the current objection to the proposal. Is this something you can support or facilitate?

Kind regards,
Lisa
