Dear Andy,

I wanted to let you know that work is starting on the construction of the maintenance building (ref DM/19/5100) on the above site as set out in the planning statement for the above application.

It had been anticipated for completion in August 2020 but works were unfortunately delayed due to issues over availability as a result of the Covid-19 pandemic.

The contractor anticipates that works will be completed by mid December.

Kind regards,

Lisa
