

Building Control

Charges from January 2022

Where possible, standard charges will be applied according to the following tables. Please note where you have more than one separate extension(s) a separate charge will be payable for each element. However, in some cases an individual assessment of charges will be necessary (for example, larger and/or more complex schemes).

These include :-

- Work consisting of the erection of more than 5 dwellings,
- Work consisting of the erection or conversion of a dwelling where the floor area exceeds 250m²,
- Electrical work carried out not as part of other controlled work,
- Where there is no standard charge shown in our tables of charges,
- Erection or alteration of any building over 3 storeys,
- Applications for Regularisation Certificates.

Multiple work reductions

Where multiple work is covered by more than one category then the appropriate charge is calculated by paying the full amount for the most expensive category and only 50% for the other applicable categories provided this work is undertaken at the same time. Additional charges may be made for inspections if each element of work is carried out over separate / different time periods.

Where standard charges cannot be applied to the proposed work and your building work requires an individual assessment of a charge, email Building Control at buildingcontrol@midsussex.gov.uk providing details of the proposed work.

Fees are based on work being completed within 18 months of commencement of the work. If completion is more than 18 months from commencement there may be an additional charge for inspections undertaken beyond that time. All charges, other than Regularisations, are subject to VAT at the current rate.

Table A Dwelling houses and Flats not exceeding 250m² or more than 3 storeys

Standard charges (please add VAT @ 20%)				
Charge		Full plans Plan charge	Full plans Inspection charge	Building notice charge
Category		£ + vat	£ + vat	£ + vat
	Number of dwelling houses			
1	1	282	668	1055
2	2	324	848	1312
