Operating Schedule

Do you want the proposed variation to have effect as soon as possible? Yes

Operating Schedule

If the club's proposed variation would mean that 5,000 or more people are expected to attend the premises at any one time, please state the number expected to attend

Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies you must include a description of where the place will be and its proximity to the premises.

The premise is a restaurant/bar.

To update the layout for internal areas and to include the outside courtyard area for seating and consumption of alcohol. The courtyard seating area is for 50.

Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies you must include a description of where the place will be and its proximity to the premises.

To extend the retail sale of alcohol area to include the outside yard between the hours of 10:00 - 22:00 every day, including New Year's Eve. There will be a bar serving outside which will also be locked at closing times. Background music will be played during the licensable hours. It is not included in the application as a licence is not needed up to 23:00.

The yard is enclosed by high walls.

Access in and out of the courtyard will strictly only be from inside the restaurant. In addition to the fire exit door from the restaurant, the final exit point of the alleyway of 60-62 will have a push bar to use as a fire exit, in case of emergencies. The applicant / her husband owns 50-52 London Road as well, which also has an alleyway leading to the same courtyard . There will be a door in the courtyard for 50-52 with a pushbar which will allow people to access into the alleyway and use it as a fire exit in case of an emergency. That alleyway will not have a door at street level because its the normal in and out route for the upper floors and so they will not be effected. However, both alleyways will be made secure so that there will be no access to the courtyard from the street. There will also be CCTV and sensor lights in areas for 60-62.

There will be CCTV as shown on the drawings and firefighting equipment.
