Description of Premises

Operating Schedule	
Describe the premises	The premises will be used for the retail sale of wine by way of off-sales only, with no provision for the consumption of paid alcohol on the premises (except for tastings or samples). Wine will be offered for sale primarily via online order, with orders picked, packed and dispatched from the warehouse to customers. Customers will also be able to collect pre-paid online orders directly from the premises. In addition, the premises will operate as a retail outlet permitting members of the public to attend in person to purchase wine directly. To allow for operational flexibility, the licence is sought to cover the sale of alcohol seven days a week, between the hours of 09:00–18:00, although the premises are anticipated to typically trade on weekdays during this period. The website will be live and allow orders to be placed 24 hours per day, year-round.

Incident Log: An incident logbook will be kept on the premises and maintained up to date. It will record all instances of crime or disorder, refusals of service, and visits by emergency services or licensing officers. Staff Training: All staff involved in the sale of alcohol will receive comprehensive training regarding their responsibilities under the Licensing Act 2003, including recognizing drunkenness, conflict management, and preventing proxy purchases. Secure Storage; Dispatch: Stock will be kept secure and the premises has a Verisure alarm system.
